

## **Welcome to Spirits of Ansett for 2007,**

This year you will notice there have been several changes to the annual Spirits of Ansett luncheon.

The reason for the move from the Grange Golf Club is that the management of the Golf Club have increased their prices quite considerably, taking it out of our league.

Rather than scrap the idea of an annual luncheon we are going to trial the idea of a more casual approach by not having any speeches and having the luncheon at the Marion Hotel, in the Mitchell Room, giving you more opportunity to chat with others. This room can be closed off for private functions. The only drawback is the number that can attend will be **restricted to 90**. There will be a three course menu with choices plus tea or coffee. The price is lower than last year at the Grange Golf Club but the standard of the food at the Marion is still very good.

As you all know now March 2002 brought to an end the Ansett era. Five years have passed since Ansett collapsed. We have all moved on now but we still have many fond memories of those earlier days which are the envy of all the airlines operating today - we actually enjoyed going to work!

We all feel the annual luncheon should continue, however as the years pass there will be less attending due to people moving interstate and our older colleagues and workmates passing on.

**We would appreciate your response to the one question on the application form**

Best wishes,  
John Schulze

## **Aviation Museum**

Don't forget about the South Australian Aviation Museum in Lipson Street, Port Adelaide.

The museum is a registered Museum run by a membership of around 100 people. There are some highly skilled trades people, who, over the years have done a lot of restoration work on aircraft which have come out of crash sites. However one does not have to be skilled to participate and have something to do. Apart from being in an aircraft environment, in which we have spent most of our working lives, we are constantly meeting people who have had a big input into the industry throughout their lives.

We are now in a unique situation in that there are three major Museums in the one street: namely the Maritime Museum, The National Rail Museum and The South Australian Aviation Museum.

Well worth a visit!
